Steel-O-Flex™ ABS Critical 860/110	ABS Critical 860/110	55,00 €

Steel-O-Flex™ ABS Critical 860/110 is a high-quality cable lock made of hardened steel, which encase the inner steel cable and thus provide double security. This makes it much more difficult to cut the cable than with a simple cable lock. We recommend using the Steel-O-Flex™ Centuro 860 primarily for securing good bikes and as protection in areas with a medium risk of theft.
